LED COLOR MATCHING SYSTEM

Step 1: Color Matching

The Sunmatch color matching light reduces the chance of costly paint mistakes due to poor color matching. The Sunmatch, with its ultra-high CRI of 95 at 4500 Kelvin does an amazing job of replicating sunlight, giving you the best color match results.

The Sunmatch has a magnetic base, allowing hands-free operation when comparing sprayout cards.

Winner of SEMA's Best New Refinish Product

"I bought my first Sunmatch a year ago. My painters absolutely loved it! I got two more the next week. Great product, great price."

MULTIMATCH = SUNSHINE

Step 2: Final Inspection before Clear Coat

Using the Multimatch, with its ultra-high CRI of 95 and its incredible 2000 Lumens illuminate large areas, making it easy to identify imperfections such as bad blends, poor coverage, metallic mottling and poor color matching.

Saving Time and Money!

The body is made of die cast aluminum which makes it extremely sturdy and able to withstand rugged daily use. The lithium-ion battery has up to six hours of battery life. The Multimatch also comes with a 16' cord for all-day continuous use.

- Shock/water/dust resistant

WORLD'S ONLY COLOR CORRECTIVE HEADLAMP

For the Professional who needs Perfect Lighting

The new I-MATCH 2 features a 2 COLOR LIGHT function. This provides you with the option to choose between 2 different color temperatures depending on the type of job to be carried out. Typically, the WARM LIGHT (4500K) is useful for bright surfaces, and COLD LIGHT (6500K) is ideal for dark colored surfaces.

Supplied with the newest COB LED technology, the new, rechargeable I-MATCH 2 provides an extremely powerful illumination spreading the uniform light to the maximum and lightens up your entire field of view.

By waving your hand in front of the lamp, you will switch on the light when needed. In sensor mode, the light can easily be switched on/off, even when wearing gloves.

I-MATCH 2 is provided with the very newest rechargeable battery technology with long operating time, and sets new standards for professional work light.

Supplied with 2 lumen output options, 50% or 100%. The robust and sleek I-MATCH 2 is both dust and waterproof (IP65) with a remarkably low weight, only 4 oz., making it extremely comfortable to wear.
